

STAR1000

COMMERCIAL ACCESS CONTROL RECEIVER

High Capacity Receiver to Manage Multiple Access Points

LiftMaster® STAR1000 Receiver with Security+ 2.0™ technology represents the next generation of LiftMaster Radio Access Controls that delivers 2x the range and greater transmitter capacity.

LiftMaster's STAR1000 access solution allows the management of multiple access points, like gate and parking application remote control needs.

STAR1000's individual and bulk programming process simplifies the coding of large quantities of remote controls.

STAR1000

Commercial Access Control Receiver Model STAR1000

- High-capacity Receiver for Gate and Commercial Door Operators.
- Security+ 2.0™ technology.
